✠ SUBJECT INDEX ✠

Volume 8 2002

accident and emergency nurses
  accident and emergency telephone consultations 23
acute
  flexible medication times 75
  single-person checking of medications 330
adherence
  predictors of good compliance 336
administration
  flexible medication times 75
  single-person checking of medications 330
admission
  older patients' first 72 hours in hospital 191
adolescents
  adolescent coping with grief 137
  adolescents and HIV-related issues in Finland 81
  predictors of good compliance 336
advanced practice
  advanced practice in nursing S1
  clinical nurse specialists S11
arthritis, rheumatoid
  predictors of good compliance 336

barriers
  communication barrier 16
behaviour
  health behaviours of menopausal women 265
  self-efficacy and behaviour change 106
blame
  an effective incident reporting scheme 176
blood pressure
  error in blood pressure measurement technique 118
  a theory of high blood pressure control 324

cardiovascular risk factors
  hyperuricaemia in Taiwan 56
Care Dependency Scale
  further psychometric testing of the Dutch Care Dependency Scale 305
caring
  nurses' perceptions of care and caring 8
  respect as the main lay care activity 210
  features and characteristics of Korean nurses 247
  nurses' perceptions of care and caring 8
childbirth
  security experienced in pregnancy 289
children
  children's needs during hospitalization 158
  children's postoperative pain at home 32
  children's health care in school 297
chronic disease
  children's health care in school 297
  predictors of good compliance 336
clinical nurse specialist
  clinical nurse specialists S11
cognitively impaired
  systematic review of UTI management 2
comfort
  safety and comfort work of nurses 42
communication
  communication barrier 16
compliance
  predictors of good compliance 336
conceptual model
  adapting Neuman systems model in Malaysia 99
consultation practices
  health behaviours of menopausal women 265
coping
  adolescent coping with grief 137
cost
  an effective incident reporting scheme 176
critical thinking
  critical thinking in nursing education 89
cultural care
  respect as the main lay care activity 210
culture
  adapting Neuman systems model in Malaysia 99

deceased patients
  discharge summaries of deceased patients 282
deliberate self-harm
  nurses' procedures for clients who self-harm 184
Delphi technique
  accident and emergency telephone consultations 23
dependency measures
  further psychometric testing of the Dutch Care Dependency Scale 305

dignity
nurses' and patients' perceptions of dignity 143
discharge advice
children's postoperative pain at home 32
discharge summary
discharge summaries of deceased patients 282
discomfort
safety and comfort work of nurses 42
driving
ICD recipients' quality of life and shock experience 68

elderly
Amy's chat room 61
elderly residents in a geriatric ward 199
long-term care in rural Japan 167
older patients' first 72 hours in hospital 191
emergency department
nurses' procedures for clients who self-harm 184
epithelial tissue
polarized light and pressure ulcers 49
evaluation instruments
critical thinking in nursing education 89
extended practice
evaluation of the extended role of the midwife 257
exudate
polarized light and pressure ulcers 49

faculty practice
implementing faculty practice in Pakistan 315
family
long-term care in rural Japan 167
factors affecting postnatal depression 240
fieldwork
respect as the main lay care activity 210
Finland
adolescents and HIV-related issues in Finland 81
factors affecting postnatal depression 240
focus groups
implementing faculty practice in Pakistan 315
foreign nurses
hiring foreign nurses in the USA 173
fourth generation evaluation
evaluation of the extended role of the midwife 257

geriatric ward
elderly residents in a geriatric ward 199
older patients' first 72 hours in hospital 191
grief
adolescent coping with grief 137
grounded theory
a theory of high blood pressure control 324

health behaviours
health behaviours of menopausal women 265
health promotion
Amy's chat room 61
health services evaluation
influences of spatial practices 221
homophobia
adolescents and HIV-related issues in Finland 81
hormone replacement therapy
health behaviours of menopausal women 265
hospital care
elderly residents in a geriatric ward 199
older patients' first 72 hours in hospital 191
children's needs during hospitalization 158
discharge summaries of deceased patients 282
flexible medication times 75
single-person checking of medications 330
hypertension control
a theory of high blood pressure control 324
hyperuricaemia
hyperuricaemia in Taiwan 56

identification
children's postoperative pain at home 32
implantable cardiac defibrillator
ICD recipients' quality of life and shock experience 68
living with an ICD 152
incident reporting
an effective incident reporting scheme 176
information sources
health behaviours of menopausal women 265
information technology
implementing problem-based learning 235
injuries
analysis of sharps injuries occurrences 274
instruments
analysis of sharps injuries occurrences 274
insurance
long-term care in rural Japan 167
international nursing
advanced practice in nursing S1
the nurse practitioner S5

introduced error
error in blood pressure measurement technique 118
Iran
a theory of high blood pressure control 324

Japan
long-term care in rural Japan 167

Korea
features and characteristics of Korean nurses 247

life-threatening arrhythmia
living with an ICD 152
long-term care
long-term care in rural Japan 167

Malaysia
adapting Neuman systems model in Malaysia 99
management
children's postoperative pain at home 32
Mason survey
measuring maternal satisfaction 127
maternal satisfaction
measuring maternal satisfaction 127
measurement technique
error in blood pressure measurement technique 118
measurement
measuring maternal satisfaction 127
medication
an effective incident reporting scheme 176
flexible medication times 75
single-person checking of medications 330
menopause
health behaviours of menopausal women 265
middle-aged
hyperuricaemia in Taiwan 56
midwives
evaluation of the extended role of the midwife 257

narratives
safety and comfort work of nurses 42
needles
analysis of sharps injuries occurrences 274
needs
children's needs during hospitalization 158
Neuman systems model
adapting Neuman systems model in Malaysia 99

nurse practitioner
the nurse practitioner S5
clinical nurse specialists S11
nurse–consumer partnerships
communication barrier 16
nursing actions
nurses' procedures for clients who self-harm 184
nursing care
nursing care in Saudi Arabia 228
nursing education
critical thinking in nursing education 89
error in blood pressure measurement technique 118
implementing faculty practice in Pakistan 315
implementing problem-based learning 235
nursing work
safety and comfort work of nurses 42

observation study
children's needs during hospitalization 158

Pakistan
implementing faculty practice in Pakistan 315
parents
children's postoperative pain at home 32
children's health care in school 297
participation
elderly residents in a geriatric ward 199
partnership care model
a theory of high blood pressure control 324
perceptions
nurses' and patients' perceptions of dignity 143
nurses' perceptions of care and caring 8
phenomenology
nurses' and patients' perceptions of dignity 143
polarized light
polarized light and pressure ulcers 49
postnatal depression
factors affecting postnatal depression 240
postoperative pain
children's postoperative pain at home 32
practice
nurses' procedures for clients who self-harm 184
self-efficacy and behaviour change 106
pregnancy
security experienced in pregnancy 289
pressure ulcer
influences of spatial practices 221
polarized light and pressure ulcers 49

prevalence
factors affecting postnatal depression 240
privacy
nurses' and patients' perceptions of dignity 143
problem-based learning
implementing problem-based learning 235
psychometrics
further psychometric testing of the Dutch Care Dependency Scale 305
psychosocial factors
health behaviours of menopausal women 265
public spaces
influences of spatial practices 221

quality of life
ICD recipients' quality of life and shock experience 68

red pink ulcer
polarized light and pressure ulcers 49
renal function
hyperuricaemia in Taiwan 56
residential care
further psychometric testing of the Dutch Care Dependency Scale 305
systematic review of UTI management 2
respect
nurses' and patients' perceptions of dignity 143
risk assessment
nurses' procedures for clients who self-harm 184

safety
an effective incident reporting scheme 176
safety and comfort work of nurses 42
Saudi Arabia
nursing care in Saudi Arabia 228
school health
children's health care in school 297
security
security experienced in pregnancy 289
self-efficacy
self-efficacy and behaviour change 106
sexual risk behaviour
adolescents and HIV-related issues in Finland 81
SF36
ICD recipients' quality of life and shock experience 68
sharps
analysis of sharps injuries occurrences 274
shock experience
ICD recipients' quality of life and shock experience 68
siblings
children's postoperative pain at home 32
Singapore
analysis of sharps injuries occurrences 274
single-checking
single-person checking of medications 330
skills
critical thinking in nursing education 89
spinal cord injury
influences of spatial practices 221
spiritual beliefs
Amy's chat room 61
strategies
communication barrier 16
critical thinking in nursing education 89
sudden cardiac death
living with an ICD 152
supportive relationships
Amy's chat room 61

Taiwan
hyperuricaemia in Taiwan 56
Tanzania
respect as the main lay care activity 210
technological influences
features and characteristics of Korean nurses 247
telephone consultation
accident and emergency telephone consultations 23
theory
self-efficacy and behaviour change 106
time
flexible medication times 75
transcultural nursing
adapting Neuman systems model in Malaysia 99
implementing problem-based learning 235
nursing care in Saudi Arabia 228
respect as the main lay care activity 210

ulcer surface area
polarized light and pressure ulcers 49
United States of America
hiring foreign nurses in the USA 173
urinary tract infection
systematic review of UTI management 2
